Miscellaneous

I (BK) came across these Dutch labels. Unfortunately as separate labels only and not on a mail item.

What do these labels mean?

From a Swiss catalogue of labels (Guignard and Vuille, *Les Etiquettes Postales Suisses 1876-1997*, ed. 1998) I understood that they have the meaning of 'boarding notice' for parcels on a ship, similar to a boarding pass for persons when boarding a plane

In the Dutch label catalogue (D. de Vries, *List of names of postal labels, 1882-1984*, ed. 1985) they also appear in use between about 1953-1986.

These Dutch labels consist of 2 parts: the main part is attached to the parcel and the small part is attached to the accompanying parcel card. I've never seen such a parcel card. Who has?

In issue 127 (Summer 2017) an odd label from Darus Greathouse was shown: It concerns the infamous Belgian language war. The label says translated: "return to sender. Respect my language. Please in Flemish".

Now I (BK) have come across a second similar label, it says: 'return to sender. Please Dutch'

The address has been changed in the sender's address and in red is also written with an exclamation mark: back!

The letter is apparently a direct mail for a magazine called "Le canard de Gailly". This can be deduced from two features: the letter is partially stamped with a precancel stamp, and if the addressee would be a reader, he will not return the letter angrily with the remark about french as the language of the magazine. ('canard' = duck, but has also the meaning of nonsense news)

Some unlisted AML's recently found (BK)

AUCTION 137, CLOSING DATE: JUNE 30 2020

For members who do not have reference catalogs, all scans of lots are available on request.

nl = not listed or unknown, as is = please no returns for stated data

ng = no gum, pm = pencil marks, hm = hinge marks/remainers, as = as submitted by owner

Please no returns on lots with multiple labels or covers. You may request via e-mail, scans of lots of multiple labels or covers, so you can see what you are bidding on, if you are interested. Please do so early.

Please read the up-dated auction guidelines (see the penultimate page). I will do my best to confirm the catalog numbers, but YOU are suppose to identify each lot, and state minimum bid. If you wish to donate material to PLSG auctions, let me know if I should give you credit, by name.

You will be notified (hopefully via e-mail) before your successful bids are sent to you what you need to pay for them (lot cost + commission + postage). After your payment is received, your lots will be sent to you.

My address and e-mail are in the front of the bulletin, if needed. Note generally each * notes scarcity, and * is about \$1 (taking condition onto consideration).

Air Mail Label covers: been thru the mail, and the covers may have faults. My latest Scott is 2013, so not all stamp prices are present. Reserve is lowest price accepted. Except for a few scarce covers, the reserves are less that label/stamp prices. If interest seen will try better covers, if they go well?

The Thomas Air Transport Label Catalog was written about 1976 to 1993. When all are piled up it is almost 14 inches high. And contains about 22 sections based on geographic areas, including several updates. It is then arranged by Airlines. Which makes it very hard to locate material. Also the pictures are in black and white and they are poor quality. But it is the only reference that I am aware of that covers airline material Labels. If it is listed in Thomas, it is at least 27 years old.

Ask for scans if interested. Measurements in approximant inches.

Guidelines for PLSG Auctions

1. PLSG auctions are restricted to PLSG members of good standing.
2. Bids must reach auctioneer no later than 7 pm of the closing date.
3. Lots are sold at one increment over next highest bid. Increments of U.S. \$0.25. Earliest bid prevails in case of ties.
4. Notification with invoice (either by mail or e-mail) will be made as soon as possible. Payment due upon receipt.
5. Reasonable refunds made for lots returned for just cause.
6. Exceptions may be made when scans of lots (especially multiple label lots, or covers) were provided to the bidder before the bidding.
7. Owners are charged 10% of the amount of the winning bids. 5% buyer's premium will be added to help defray costs of operations.
8. Members are urged to send their excess material to auctioneer for inclusion to future auctions.
9. Material submitted is at owners' risk. Every reasonable precaution is taken for its protection but neither the auctioneer nor PLSG may be held liable for damage or loss of material sent to successful bidders.
10. Consignors MUST describe each lot, identify by catalog numbers, if possible, and set the reserve (minimal value acceptable for sale).
11. Abbreviations used are those in standard philatelic practice or listed in the list of lots offered.
12. Remittances should be made to the auctioneer. (May request funds to go to Treasurer in the members individual PLSG account, to be used for future auction purchases. This can reduce fees and other expenses.)
13. A list of "Prices Realized" will be reported in a future issue of the Bulletin.
14. An effort will be made to make available scans of the current auction lots (front view only). Booklets will not be opened for scans (to prevent damage to them). This should help avoid members from bidding on a pig in the poke. Backs of lots (details may not be visible) such as back of labels or covers.
15. References used:
 - Air mail labels (AML's), Catalog of Airmails by Günther Mair, 1991 version
 - Worldwide Registration Labels by Charles Smith, 1995 version
 - Air Line material, if found, Thomas Air Transport, 6 volumes, about 1976
 - Stamps on covers, identified from Scott numbers by owners.

Helpful comments and suggestions to auctioneer are welcome.

These Auctions depend upon the members of PLSG and the quality of material submitted by them. Please think about submitting material that you determine not to be needed or are extra material. These items may be available in your area, but may not be available to others
